4.	Dr. Sushant Meshram	24/02/2024	12:00 PM - 1:00 PM	Sleep Disorders (Diagnosis & Management)

In February 2024, the RVPGA had conducted another webinar series consisting of four lectures from expert speakers. This webinar series drew a large audience of students and faculties. This webinar series was approved by the Maharashtra Council of Indian Medicine Mumbai (MCIM).

Dr. Hari Mangtani (M.B.B.S., DNB, DCH, FPE Endocrinology) delivered on endocrinal disorders and their clinico-laboratory diagnosis and treatment, Dr. Saurabh Patale (M.B.B.S., M.D., D.M. Gastroenterology) on constipation, its clinico-laboratory diagnosis, and management, Dr. Anita Thakre (M.B.B.S., M.D. Radiology) on spine disorders and X-ray diagnosis, Dr. Sushant Meshram (M.B.B.S., M.D. Medicine) on sleep disorders, their diagnosis, and management. The webinar series aimed to inspire budding Ayurvedic postgraduate students of Vikrutivigyan & other subjects of Ayurveda. According to Dr. Hemant Panchade, managing editor of Times of RVPGA the goal of RVPGA is to sensitise students about modern knowledge and to provide them a platform to learn from experts of the field. Dr. Pallavi Chougule, the webinar coordinator, played a vital role in coordinating the event with her scholarly remarks. She said that webinar series is a significant step in promoting, sharing and infusing updated knowledge among the passionate Ayurvedic community. This webinar received enthusiastic response from participants.

RVPGA member Dr. Vipul Kanani as resource person

Dr. Vipul Kanani, Professor and HOD of Rognidan Dept. at RTAM, Akola, was the resource person at a Continuing Medical Education (CME) program conducted for Ayurvedic teachers. The Program was organized by J.S. Ayurved Mahavidyalaya, Nadiad. (Gujrat) on 15th February, 2024.

This CME was sponsored by the Ministry of AYUSH in collaboration with Rashtriya Ayurved Vidyapeeth, New Delhi. Dr. Kanani had delivered lectures on "Skin Diseases & Ayurved" and "Applied Aspect of Pandu Vyadhi". Lectures received wide appreciation from audience.

PATHOCON-2024 (Two Days Hands on Training Workshop on Microbiological Diagnostic Methods)

This year on 9th & 10th March 2024, RVPGA had conducted the two days national hands on training workshop on Microbiological Diagnostic Methods in association with Vishakha Microbiology laboratory, Nagpur. This workshop was approved by Maharashtra Council of Indian Medicine Mumbai (MCIM). Renowned microbiologist Dr. Yagnesh Thakar, (MD – Microbiology) was the chief mentor and trainer for this workshop.

PATHOCON-2024
Two Days National Workshop on Microbiological Diagnostic Techniques (Hands on Training Program)
9th & 10th March 2024

Only 50 seats available for Registration. "First Come, First Served."

EXPERT TEAM

- Dr. Yagnesh Thakar
- Dr. Smita Upadhyay
- Dr. Pallavi Chougule
- Dr. Divyanka Phadnis

Venue: 'Amrut Bhavan' Beside Andhra Association Hall, North Ambazari Road, Nagpur.

Total PG 70 students of Ayurvedic Rognidana and Vikruti Vighyana participated in it from across the India. In this workshop, identification of bacterias through staining, culture and fermentation process was demonstrated and was allowed to do practically. Students themselves prepared the different culture media and grew bacterial colony over it. Sensitivity of bacteria to different antibiotics was also carried out. Participants were greatly satisfied with level of training and facilities provided per individual students by the RVPGA organization.

Glimpses Of Pathocon-2024

(Two Days Hands on Training Workshop on Microbiological Diagnostic Methods)

Glimpses Of Pathocon-2024

(Two Days Hands on Training Workshop on Microbiological Diagnostic Methods)

RVPGA launched two more short term skill enhancing courses for Nidan PG Students

This year RVPGA launched 2 more short term skill enhancing courses for Nidan PGs as under

1. Certificate in Molecular Pathology & Diagnosis (CMPD) wherein students will get a chance to learn PCR, RTPCR, Electrophoresis, DNA hybridization etc.
2. Certificate in Microbiological Diagnosis & Techniques (CMDT) wherein students will get a chance to learn culture media techniques, bacterial sensitivity, fermentation & bacterial identification techniques etc

Both courses are approved by RTM Nagpur university and will be conducted at Vishakha Microbiology laboratory, Nagpur.
